beauvoir

Trees heavy with their load of drooping moss; a broad expanse of shining water; the gentle curve of a hill—these features make up the beautiful view spread before the home of Jefferson Davis located on West Beach in Biloxi, Mississippi; and in perfect harmony with its setting is the name of his estate, Beauvoir—"beautiful view."

. . . just as beauty can be many things to many people so it is with beautiful views. And here at 1200 Quitman Street in Houston, Texas, we find another scene, different but equally lovely. There are graceful trees and buildings here also; but the chief beauty of our view lies in movement, creation, and achievement, for ours is a view of people going about their work—a picture inferior to none. And because we find it so, we are proud to call our book *Beauvoir* after that pleasant scene that Jefferson Davis found so beautiful.

A thing need not achieve perfection in form or symmetry to be classed as beautiful. It can become beautiful to us through the mere fact that we need and use it: Hence the beauty in the rough, damp surface of a football to the player, the smell of clean white paper to the student, or the sight of dirty paint jars to the artist—Beautiful to us because they form an integral part of our everyday view.

The *Beauvoir* Staff has prepared this record of one school year at Jefferson Davis Senior High School, and is presenting it in the spirit, suggested by the title, that the overall view is a beautiful one. It is their wish that this 1956 *Beauvoir* will be not only a permanent collection of words and pictures but also a beautiful reminder of often elusive memories.

On each of the next ten pages is pictured a department of the school that will be fully developed on pages that follow . . .

No game was ever won without a good coach, or beautiful symphony performed without an excellent conductor. And realizing this power of leadership, we are doubly glad that our direction lies in such capable hands.

faculty

Since our chemistry equations do not always balance, our Latin verbs are not always conjugated correctly, and our math problems never seem to come out right, our beautiful view would not be complete without those who are qualified and willing to complete the picture.

features

"Beauty lies in the eyes of the beholder." And since we, as the beholders, find beauty in character, personality, and intelligence, we are proud to include in our ever-widening beautiful view the Captain of the Football Team, the Major of the Carlton Cadettes, the Editor of the *Davis Dispatch*, the President of the National Honor Society, a Cheerleader, a Beautiful Girl, and a Sponsor of the R.O.T.C. . . .

organizations

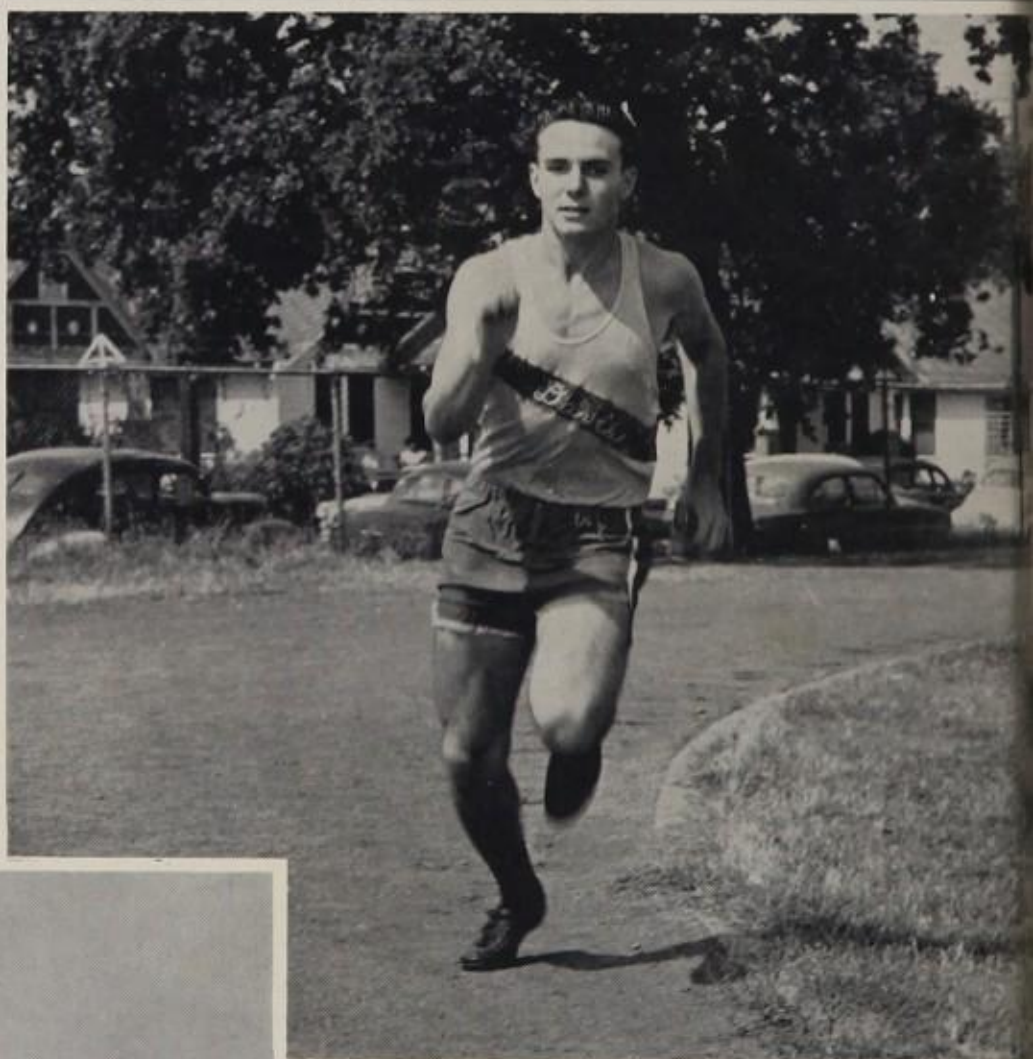

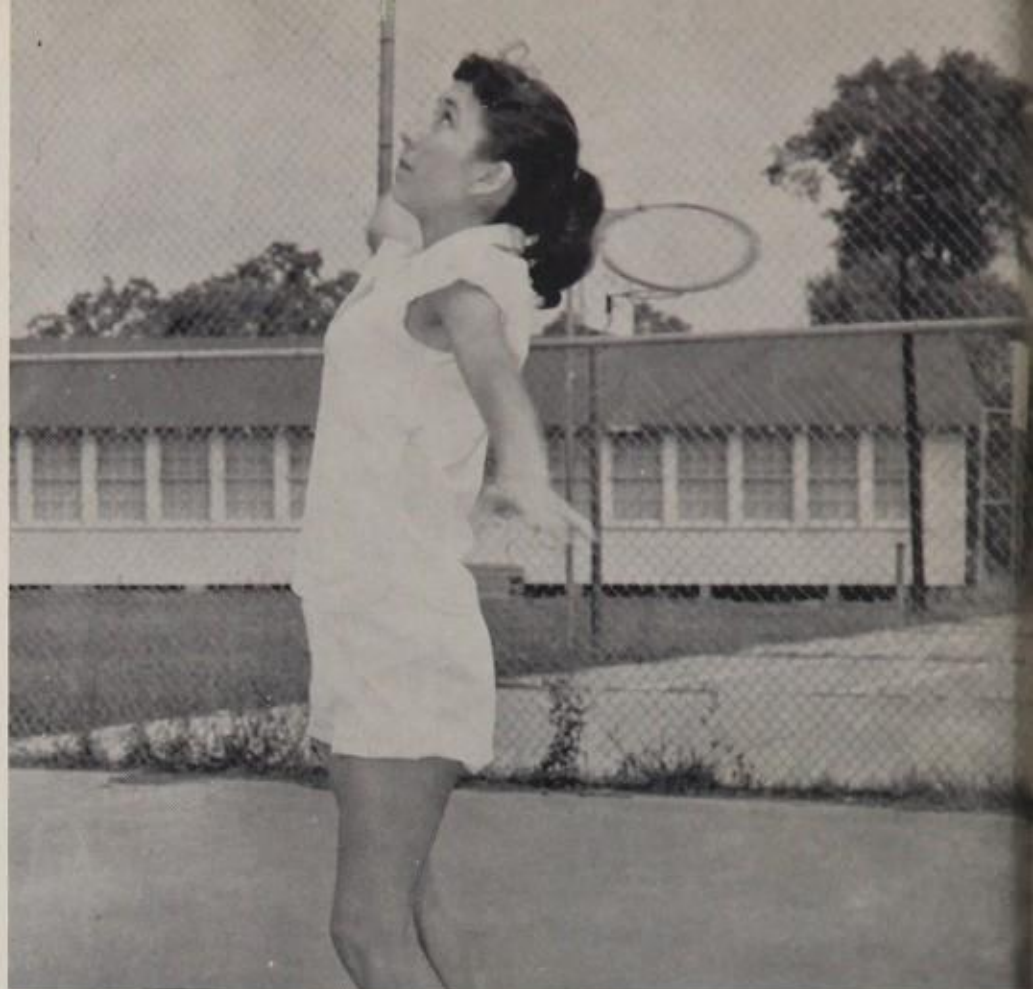

There is beauty in being busy. And nowhere is this more evidenced than in the numerous activities of the vital organizations that are a part of our school life. The Carlton Cadettes, the National Honor Society, and the Quill and Scroll are representative of the many organizations which keep a fresh breeze of creative activity blowing across our beautiful view.

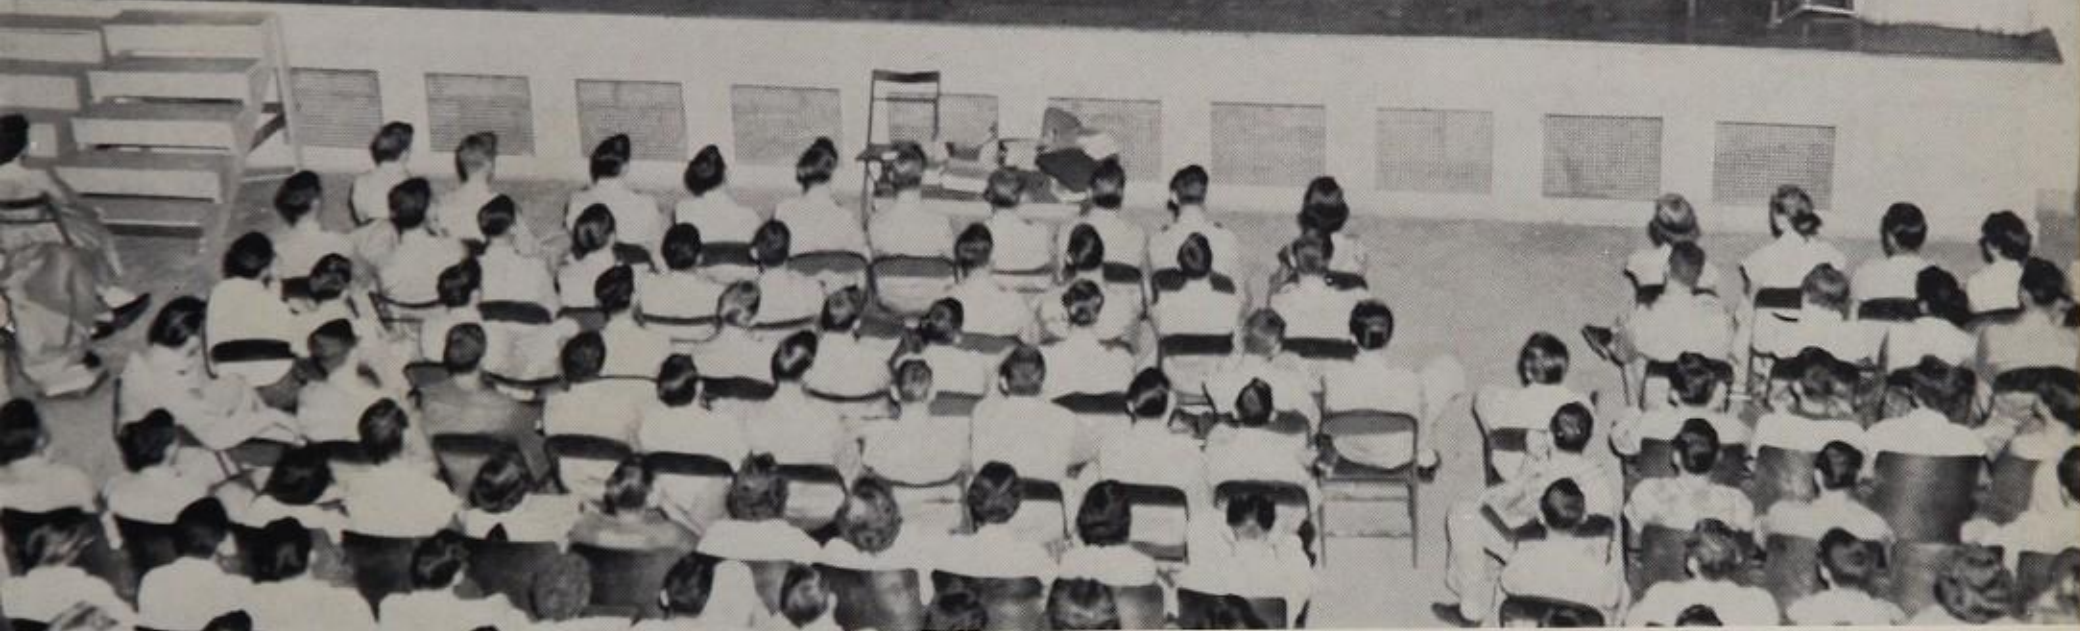

From our point of view, our school life revolves mainly about the age-old custom of boy dates girl. Long experience has shown that the time spent by the boy in waiting and the time spent by the girl in preparing for the meeting is time well spent . . .

Ever since the Greeks ran their foot races at Olympia, people have found beauty in the display of human strength, speed, and skill. And to this list we proudly add a record of our own prowess on the basketball court, the baseball diamond, the tennis court, and the track.

Then there are the special days. On Thanksgiving, Christmas, and Easter we sit in assembly to listen to our own talented friends; on Career Day we visit exhibits arranged in our own library and welcome visitors who have come to advise us. Or what could be more special than the "last day of school."

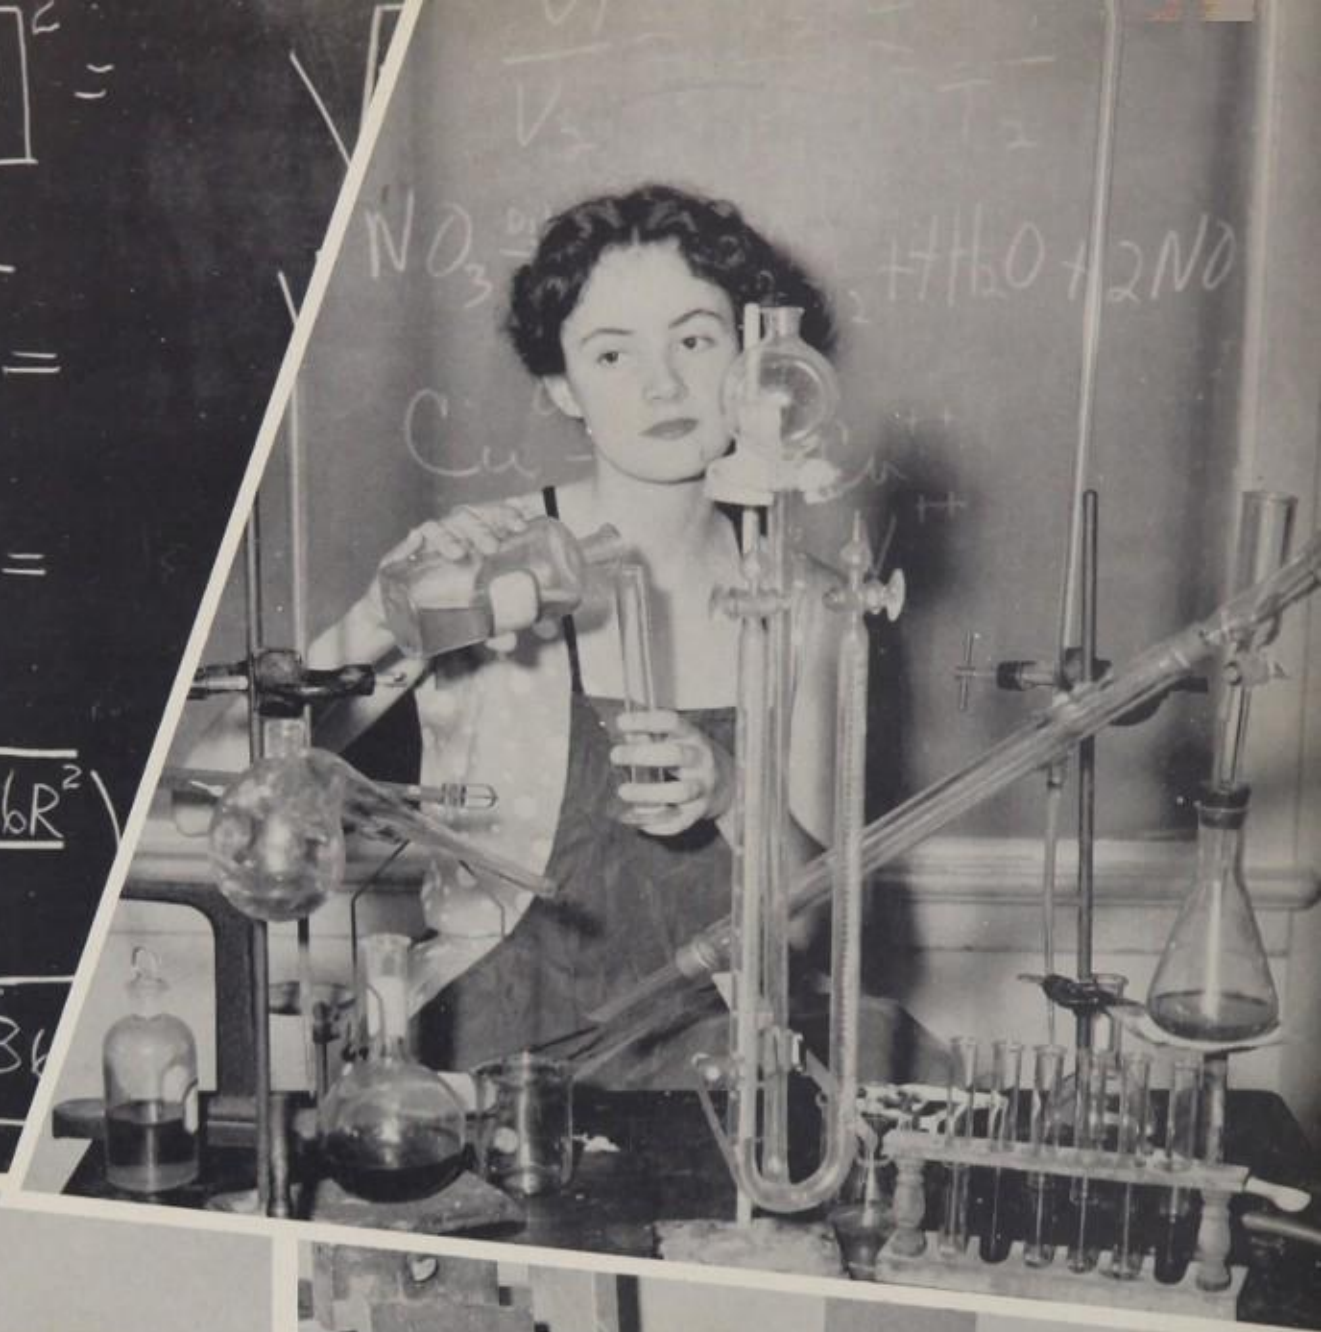

$$\sqrt{R^2 - \left[\frac{2R}{3} (\sqrt{11} - 3) \right]^2} =$$

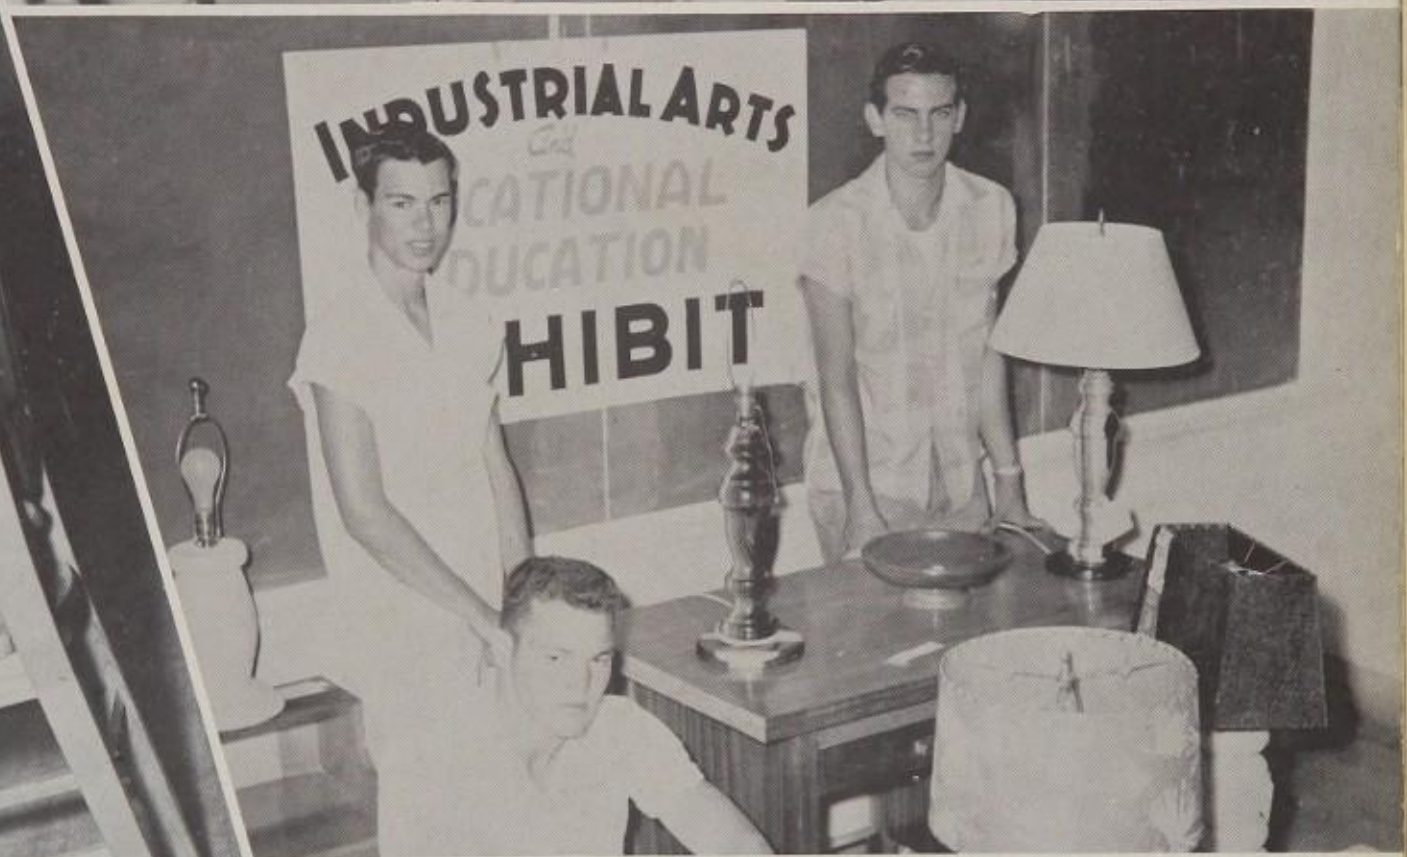

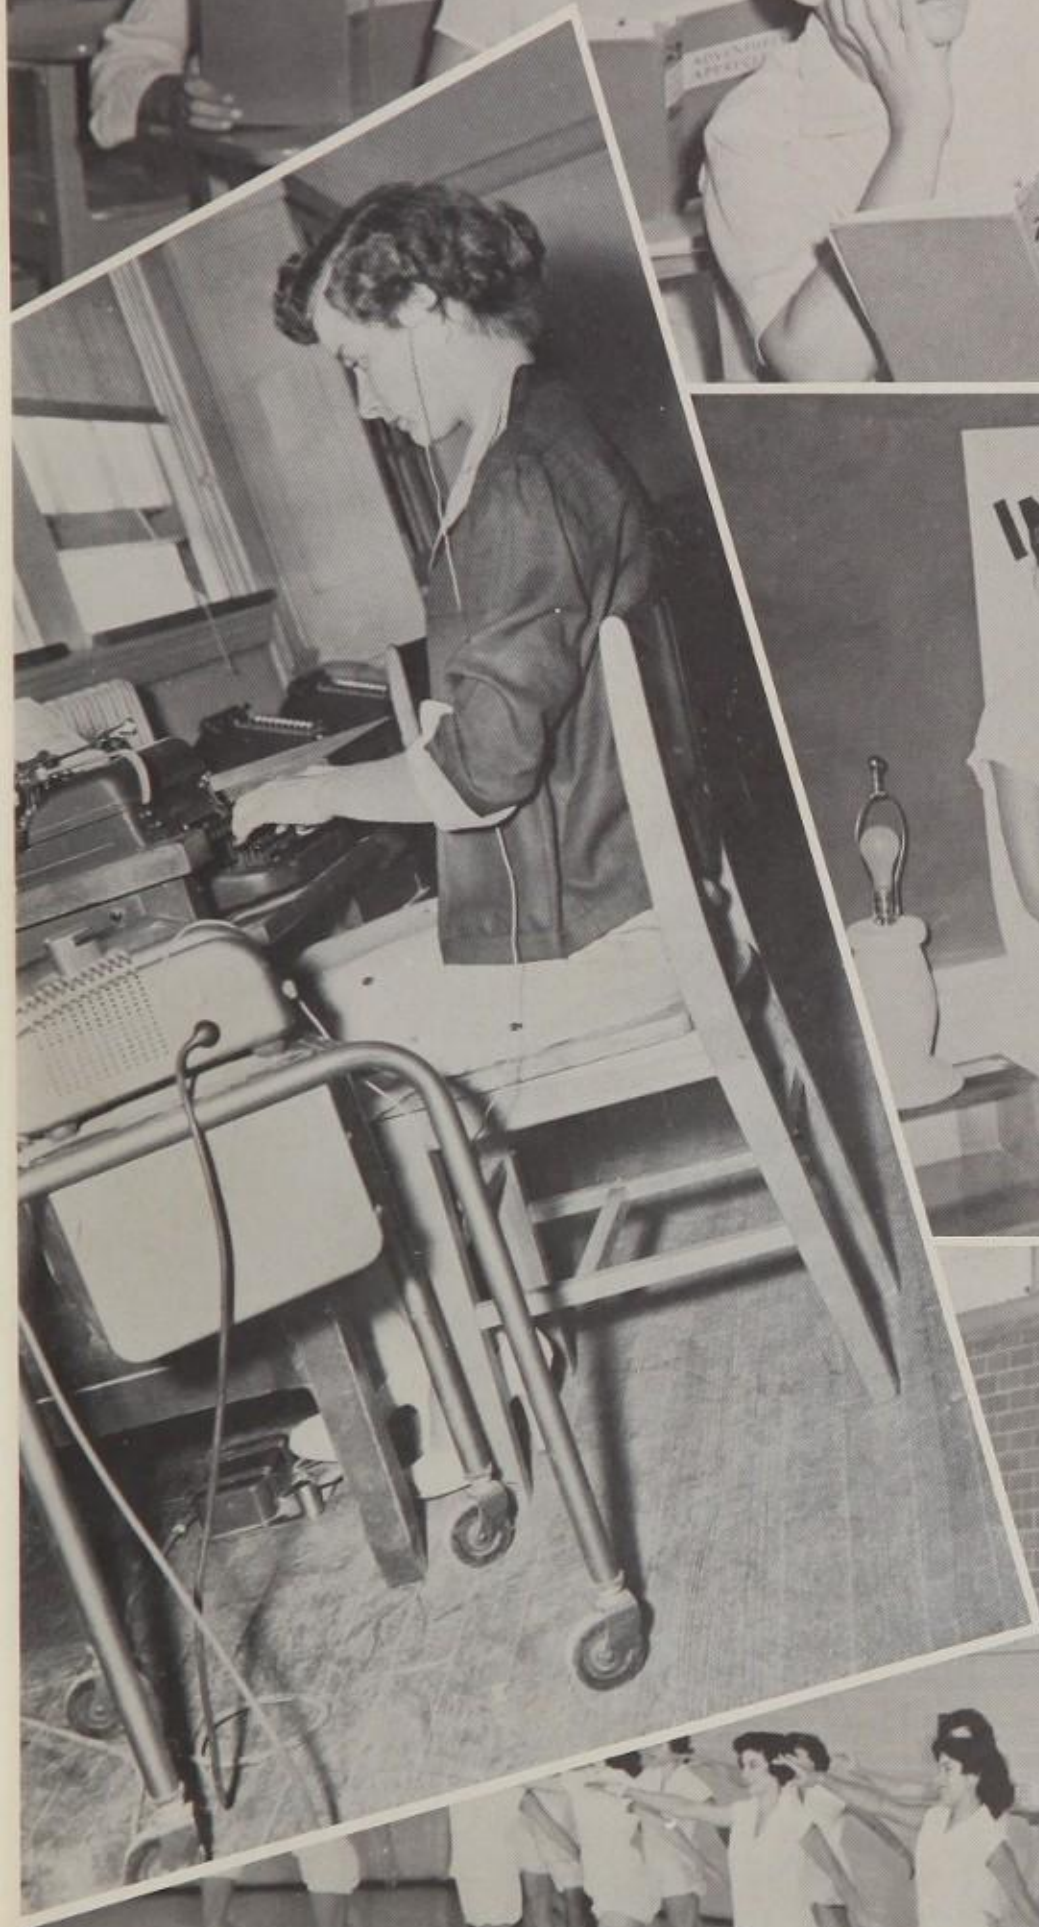

$$\sqrt{R^2 - \left(\frac{2R\sqrt{11}}{3} - \frac{6R}{3} \right)^2} =$$

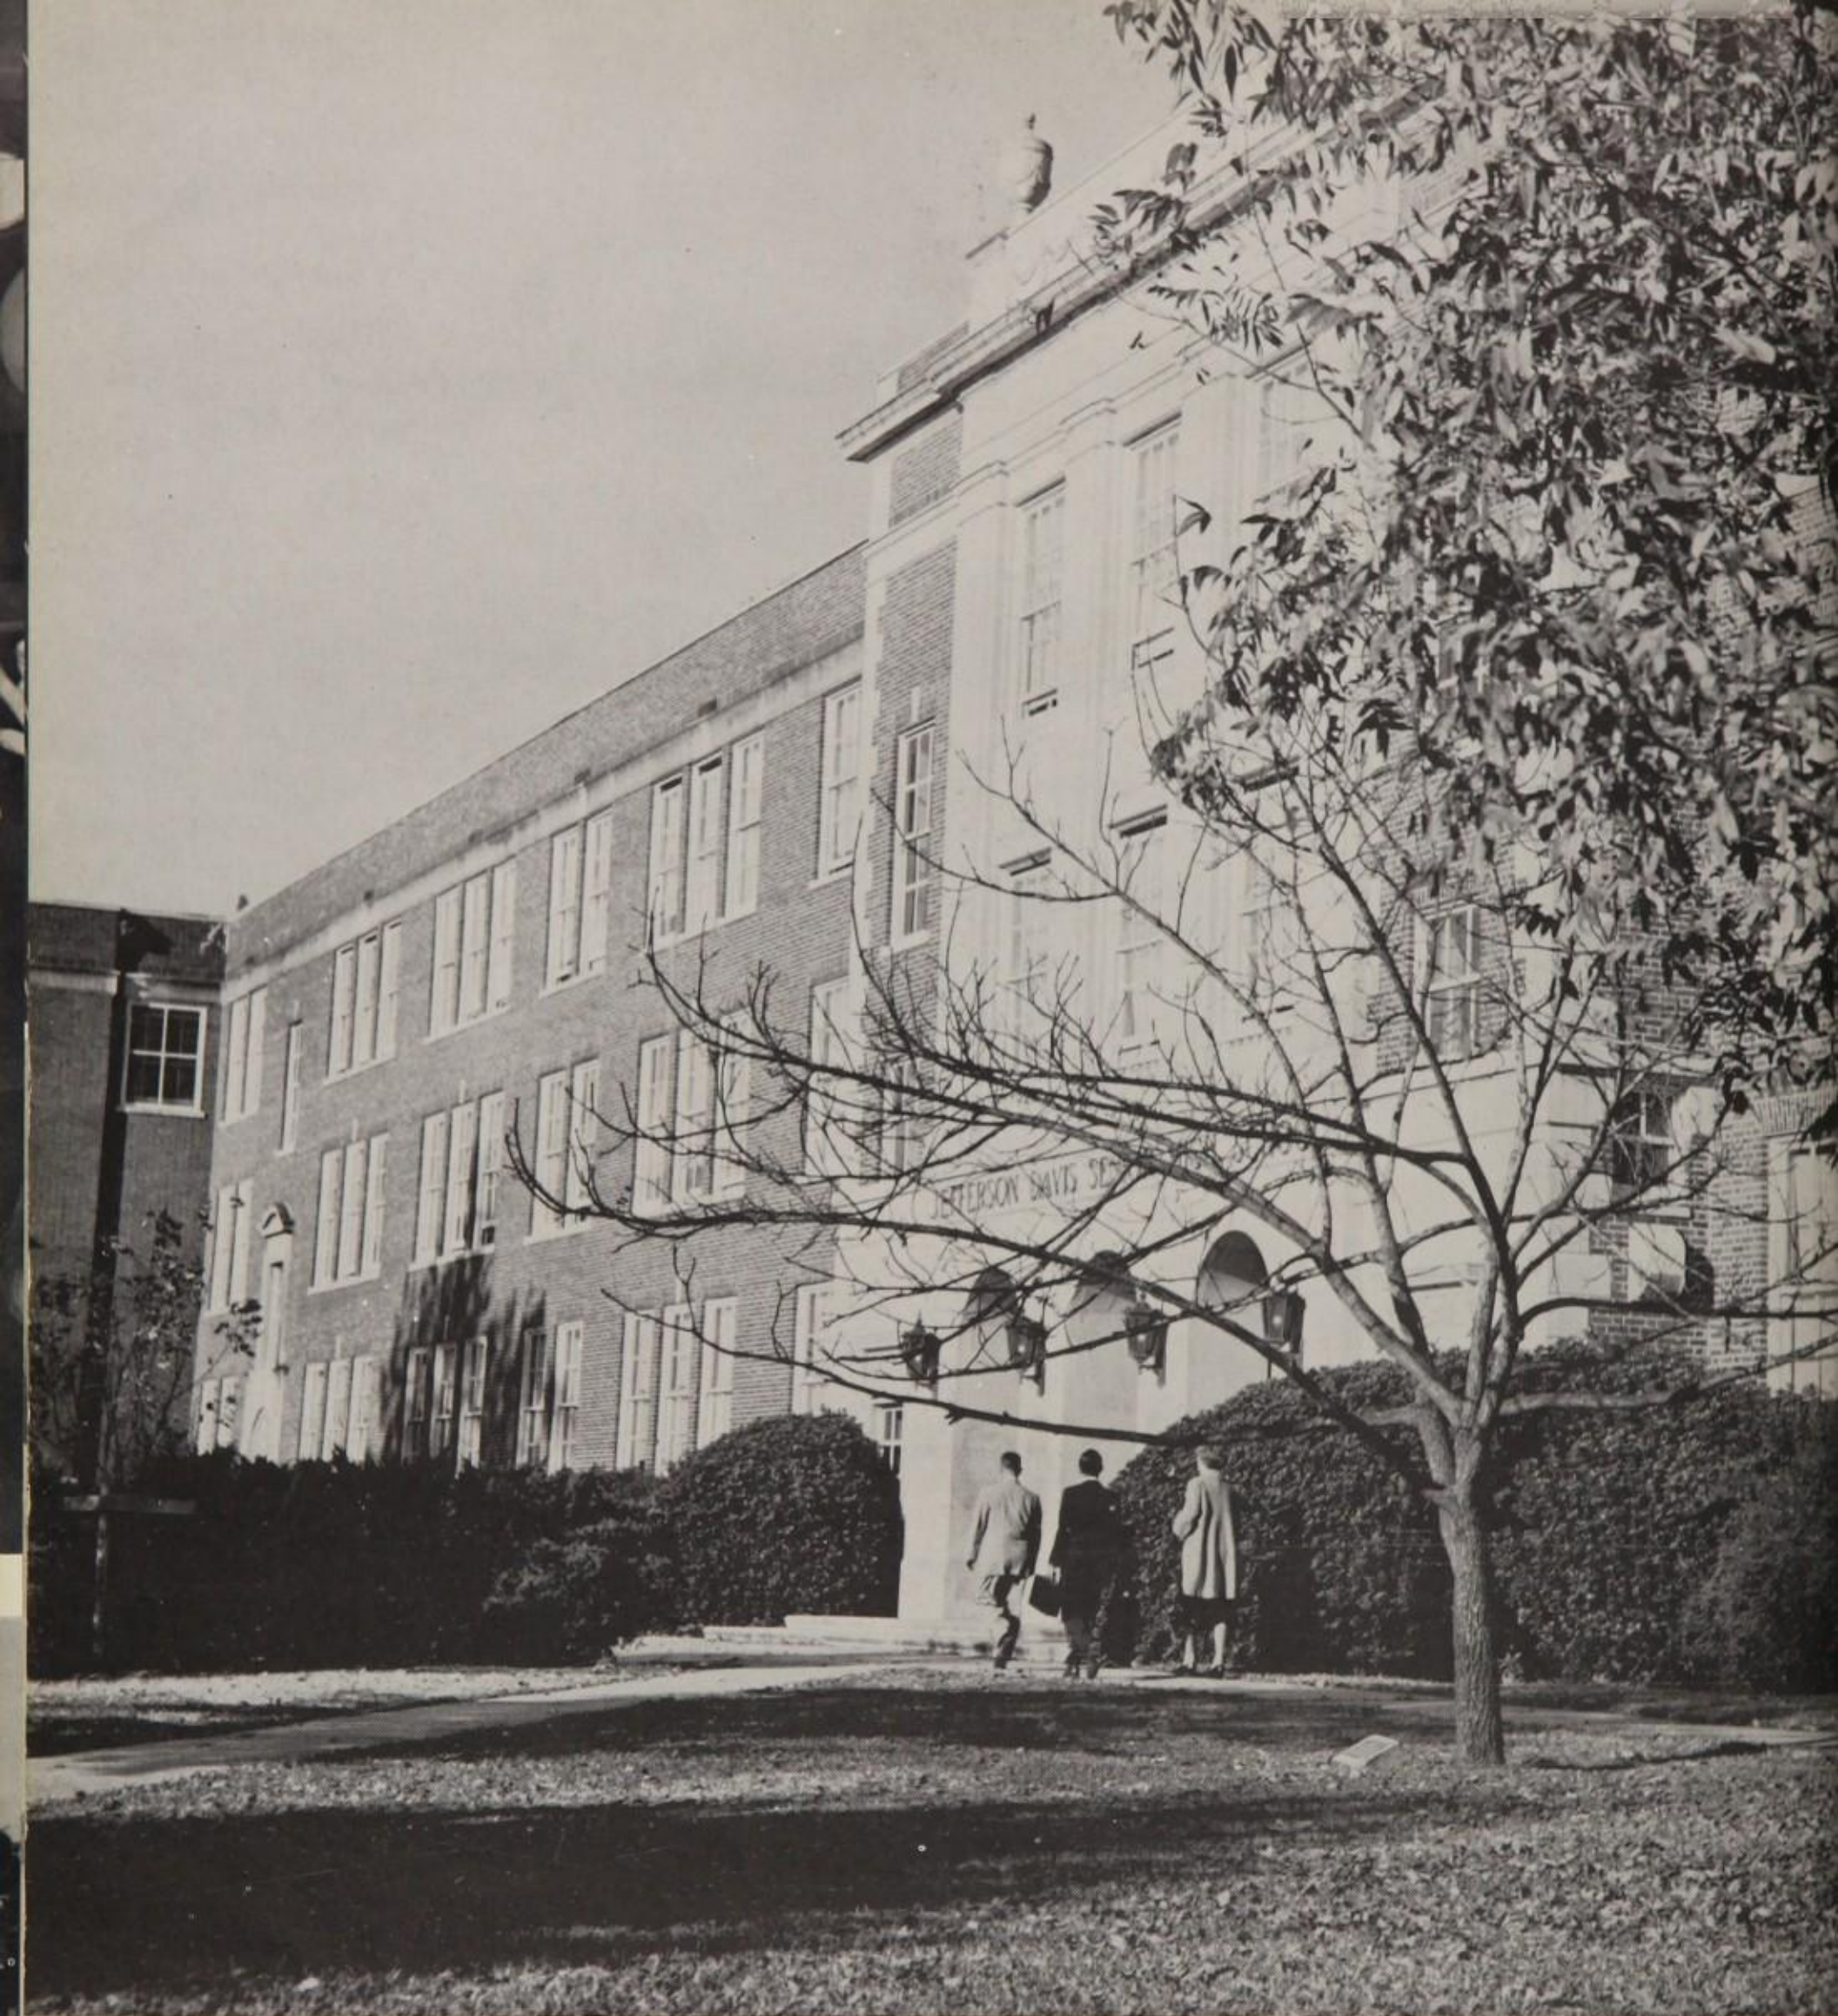

$$\sqrt{R^2 - \left(\frac{2R\sqrt{11} - 6R}{3} \right)^2} =$$

$$\sqrt{\frac{9R^2 - 44R^2 + 24R^2\sqrt{11} - 36R^2}{9}}$$

The center of achievement is the classroom: here the alert and inquiring minds, inspired and guided by the present teacher and all of those who have gone before, respond to such activities as the lecture in American history, the visit to the circus, the chemistry experiment, and the story of the "Weaver of Raveloe." Without this scene our beautiful view would be without meaning.

The Carlton Cadettes is an organization of girls whose three purposes are to promote interest in school activities, to foster good fellowship, and to encourage scholarship. The corps had the special honor of being asked to drill at the Rice vs. Alabama football game. This busy group drilled at all the Davis football games, sold poppies on Armed Forces Day, and published the student directory. They also sponsored the Sweethearts Ball and the Mother-Daughter Banquet.

The motto of the Reserve Officers Training Corps is **LEARN TODAY AND LEAD TOMORROW**. The purpose of the corps is to teach good citizenship and to promote leadership. The course is offered to any boy of fourteen years, who attends high school and is physically fit. Cadets take part in parades, as the Armed Forces Day Parade, and can be members of the drill team or the rifle team, which competes against the teams of high schools in Houston and in other towns.

There is a city-wide Military Ball for officers at the end of the school term.

The band, under the direction of Mr. M. H. McNeely, is busiest during the football season, practicing and executing formations, doing stunts at half-time, and playing rousing marches. This organization, throughout the year plays for parades and assemblies. After the football season, they prepare for spring concerts. The main purpose of the band is to instill in the students a desire for the highest quality of music and to entertain its listeners.

The principal aims of the Boosters is to promote school spirit, to support teams actively, and to strive for better sportsmanship and a general friendliness toward others. Members can be seen around the campus selling ribbons, pennants, and book covers. No pep rally is complete without these members of the largest club in the school. The social highlight of this club is the annual Football Sweetheart Dance at which they announce the Football Sweetheart.

To win any kind of game the support of the student body is necessary. The cheerleaders are the leaders in arousing school spirit, promoting good sportsmanship, and supporting the team. Besides attending and supporting all school activities, the cheerleaders sponsor the annual Sock Hop. They meet at the sixth period each day to practice yells and to plan pleasant surprises for coming events and games. As a direct result of their work we have an important factor, school spirit, to add to our beautiful view.

The "B" Band is made up of students who need individual attention with their music before advancing into the "A" Band. The purpose of this organization is to allow the student to learn the fundamentals of the instrument of his choice, to practice scales and rhythmic patterns, and to develop an appreciation of music in general. This club meets at the second period and anyone who is interested may sign up for this class.

In contrast to the spirited songs produced by the band, we have the soft, beautiful music produced by the orchestra. The primary aim of the Jefferson Davis Orchestra is to develop an understanding of applied instrumental music for pleasure and service to the school. This organization performs at various assemblies during the year, at commencement programs, and often features string ensembles. The orchestra contributes an atmosphere of soft music to our beautiful view.

While all of the student body and faculty are anticipating the annual holidays, the Glee Club is busy preparing programs for the occasion. Between the patriotic scenes showing the Liberty Bell and the flag raising at Iwo Jima on the Thanksgiving program, the Glee Club sang, "God is the Light of the World." The club presented the operetta, "H.M.S. Pinafore" in the auditorium on December 16. Besides these activities they sang at the P.T.A. meetings and for different city service clubs.

The beautiful grey robes and purple stoles add color to our beautiful view.

modern dance

Dancing is an art since to be truly beautiful, one must have grace as well as beauty. The dance is taught in our schools to develop this grace of movement.

Procedure in reaching a graceful sitting position is an important movement in beauty of modern dance.

These girls are exercising to gain the flat back which is a necessary form of the modern dancer.

Jo Ann Bobb demonstrates a few wise pointers on appearance to Vernita Lechinger and Jackie Banfill in a gym class dedicated to Personal Grooming.

Home Nursing students, Amparo Fernadez, Yvonne Craddock, and Alice Hinojosa are practicing the correct position in which to place an injured patient.

Sophomore health classes learn the fundamentals of bone structure. "Which one is I?" asks Sally Ann Deaton.

Pat Cousins reads instructions to Barbara Nelley, Virginia Salazar and Carol Price in a demonstration to the First Aid Class on the art of caring for a patient. Oh well, girls don't like to look sick in a picture anyway.

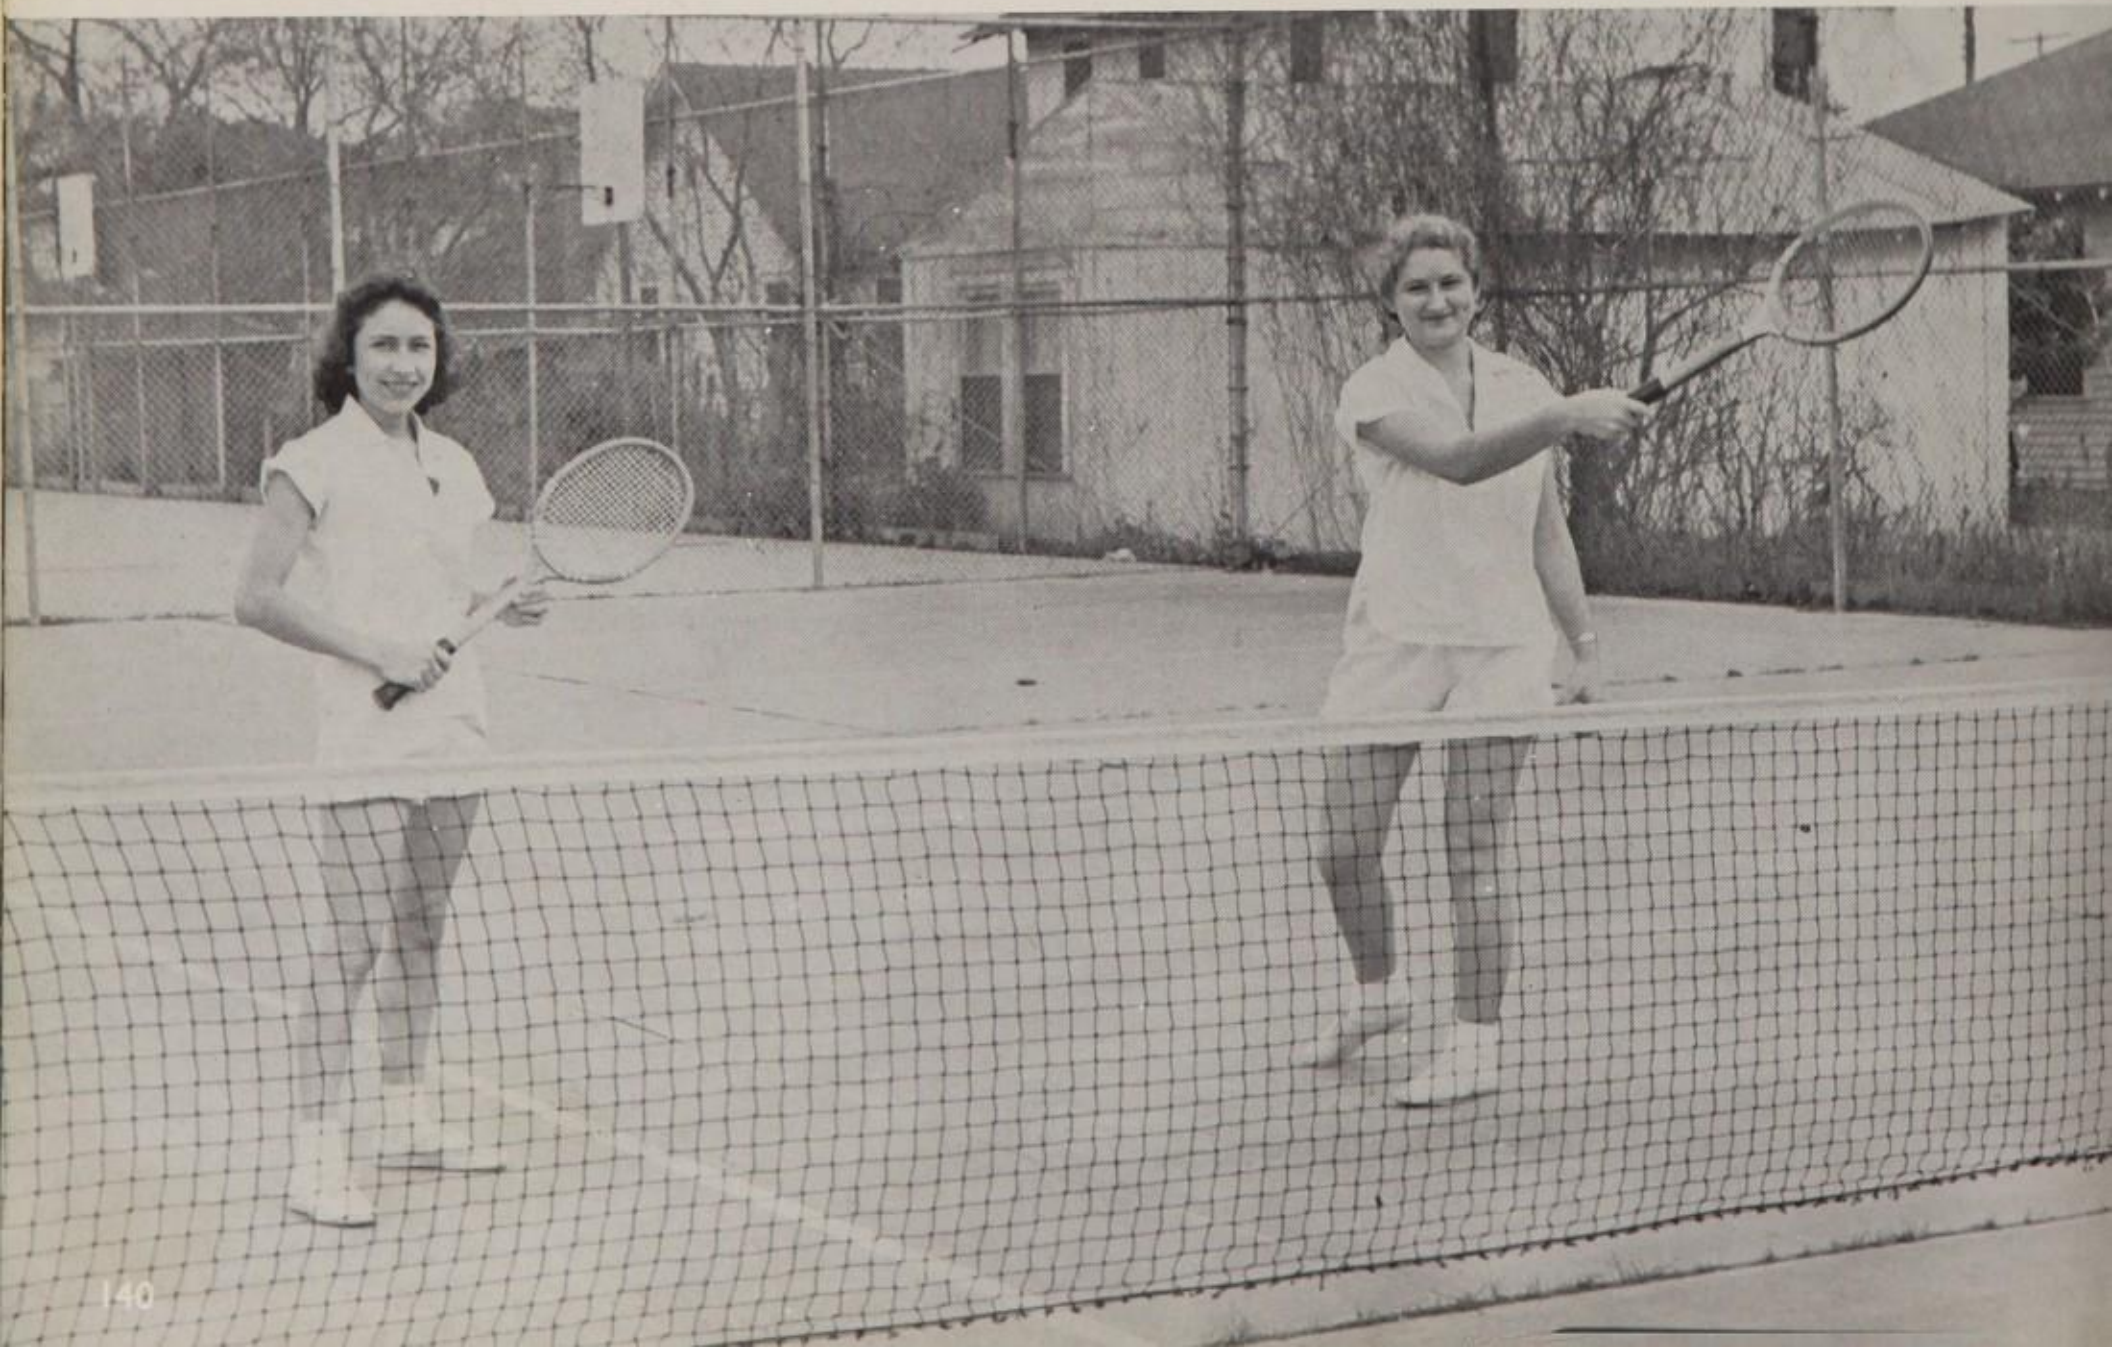

tennis

Tennis is a favorite outdoor sport for many in the summertime. It has been said that the tennis serve is one of the most beautiful and most striking movements in sports today.

The Staff wishes to express its thanks to everyone who helped make this book possible. We thank our photographers, Mr. Carewe, James Kennedy, Mr. Perry, and Mr. Evans for the important job they did in making all our pictures. We greatly appreciate the patience and cooperation of the Faculty in letting us come into classes to take pictures. We also thank the Administration for the help they gave us, Mrs. Britton for providing lists of names and letting us use her files, and Mrs. Hatcher for the use of the typewriters in Room 212. We especially thank everyone, students *and* teachers, who helped us identify the people in all our group pictures. To Mr. Martin Hamilton, representative of our publishers, Taylor Publishing Company, we extend our sincerest thanks.

THE HOUSE OF WEDDINGS

The only establishment in Houston just for Weddings
and Receptions . . . or just Receptions.

We offer you a beautiful setting for a Wedding
and Reception or just the Reception.
. . . from the smallest to the largest

The Bride's every wish is considered and gratified.
The Mother's responsibility is lifted from her
shoulders — We do all the work.

Everything in the best of quality, smooth
service, and bountiful servings.

Father is especially happy and surprised
at the reasonableness of the bill.

BRIDES: We are looking forward

to hearing from you . . . 4209 MONTROSE BLVD.
